

January 12, 2006
The Principal/ Parent,

ADDITIONAL MATHEMATICS 2006

Applications are invited from candidates in grades 11 or 12 who obtained either an A or a B symbol in 2005 in Mathematics HG to attend the Additional Mathematics (Extra matriculation subject) course. Each candidate in Grade 12 should register for the year end matric examination through their own school.

There are 4 modules in each Grade (11 and 12): (tentative schedule in brackets)

- Mathematics of Finance (18 Feb to 25 March 2006)
- Statistics (22 April to 27 May 2006)
- Calculus I (June – July 2006)
- Calculus II (August – September 2005)

Notes:

1. Each module runs over 6 weeks
2. Each weekly lecture is 90 minute long
3. Times: Grade 11: 13h00 – 14h30; Grade 12: 14h30 – 16h00
4. Each module will contain 1 test which will be given in the 5th week.
5. The module mark will be faxed to each school principal to compute a Continuous Assessment mark for each candidate. Average of test marks will be final mark for Gr 11.
6. Fees: R150 per module (Grade 12 students do not pay for modules they paid for in 2005)
7. Indigent students must carry a letter from their school principal. The fees are reduced by 50% and the school is expected to assist the learner with the remaining 50%.
8. New Grade 12 students may attend the Grade 11 lectures at no extra cost.
9. Revision programme for each module will be held prior to final examinations
10. Grade 10 programme not available due to lack of final syllabus. Bright grade 10 learners should join the Olympiad programme starting on 18 February 2006.

REGISTRATION AND MODULE 1: 18 February 2006

Venue: Science Block, UKZN (Howard College Campus) enter via Gate 3 on Francois Road.

What you need? Completed Registration form; R150 for module 1; Your 2005 Final Report (copy).

Yours faithfully,

Dr. S. Hansraj
UKZN School of Mathematical Sciences
